

Compliance Assistance

In order to ensure open communications about requirements for enforcement actions under Ohio's mining laws and rules, the division encourages you to discuss your issues with us. If you have questions or concerns about the validity of the attached notice of violation or its abatement actions or abatement date, the issuing inspector stands ready to discuss the notice of violation with you. You may contact the inspector, PETER BAUGH, at 740-439-9079 Or, you may also access inspector contact information on our website at "<http://www.ohiodnr.com/>" and select Mineral Resources Mgt." in the left hand column. On the DMRM home page select "Contact MRM" then select the highlighted text under "Contact Field Inspectors."

If after talking to your inspector, you continue to have concerns, feel free to contact the assistant field managers followed by the Regional Managers for your region who are listed below. If further discussions are desired, please contact Deputy Chief of Field Operations Tom Tugend 614-265-6919 (614-578-8213 cell) or Division Chief Mike Sponsler at 614-265-6633.
